

DISPATCH N.º 11684-B/2024, OF OCTOBER 2

Municipal Emergency Fund

- What is the objective of the Municipal Emergency Fund?
 - To support the restoration of municipal infrastructure and public equipment that assist the population.
- What are municipal public infrastructure and equipment?
 - Buildings and constructions;
 - Retaining walls;
 - Bridges, aqueducts, and walkways;
 - Sports, recreational, and leisure facilities;
 - Water supply and basic sanitation infrastructure;
 - Roads and streets, including road signage, when it is proven that the damage was caused by the rural fires of 2024.

Applications may be submitted until November 15, 2024.

Should be sent to the Regional Coordination and Development Commission of the Center, I.P., or to the Regional Coordination and Development Commission of the North, I.P., depending on the location of the applying municipality.

The co-financing percentage will be 85% (eighty-five percent) of the respective total eligible costs.

■ What does the co-financing include?

- Demolition works;
- Containment;
- Removal of debris;
- Any other works necessary to ensure the safety of people and property.

Note: If the works are carried out directly by the local authority, expenses related to municipal machinery and personnel costs from the authority's staff schedule are not eligible.
